

# We're in business to keep you in business.

Responsible for more than two dozen modifications to the 2018 IRC:  
Saving thousands of dollars per house!

**BE PRO BE PROUD**  
BEPROBEPROUDSC.ORG

Helped fund and launch the Be Pro Be Proud S.C. initiative to bring a new generation of PRIDE, PROGRESS & PROFESSIONALS to S.C.'s skilled workforce.

Your HBA is challenging "Special Legislation" and school impact fees (\$18,000+) to be paid by builders without adhering to state impact fee laws, which can severely impact affordable housing:  
Saving S.C. homeowners more than \$20 million per year!

Passed a budget proviso for state-specific high wind and seismic zone mapping:  
Over \$150 million in annual savings!

In 2020, the Home Builders Association of S.C. (HBASC) worked diligently to advance the issues most important to the S.C. industry and our members. The HBASC was actively engaged with more than 300 bills to promote and protect the vital work of homebuilders and developers across South Carolina. Our efforts included: building codes, infrastructure funding, roll back taxes, business license fee reform, local government policies, impact fees, stormwater and septic tank policies.

All our efforts have saved the home building industry more than \$950 million in 2020.  
Your HBA membership saved more than \$27,580 in added costs per new house in S.C.!

Your HBA influences government on all levels. Our goal is to protect all housing and to stop needless regulatory costs, which ultimately trickles down and effects everyone who works in the home building. If you know of someone who makes their living in the construction industry, but is not a member ask them why. Keep our industry strong and ask that they join the HBA today to make sure they have a job tomorrow!

Your HBA membership **MAKES** a DIFFERENCE!
